Hi, Julie.

We received some proposed conditions back from the registrants responding to our concern about the way to address users who have already taken the training. Do you have any desire to discuss the new proposal? If so, are you available 2:30-3:00 EST or 4-4:30 EST (1:30-2 or 3-3:30 Central)?

Thanks,  
Lindsay

Yes, that would be helpful. Are you thinking this could be early next week, or do you have a better idea of timing?

Thanks,

Hi, Julie.

You had asked in our meeting earlier this week whether it would be possible for EPA to

share our communications materials with you in advance of releasing them.

I found out that we cannot share the comms materials until after the decision is signed; however, once that is done there are probably a few hours until the comms are released. If a few hours of notice would be helpful, we could send you a draft/embargoed copy at that time.

Please let me know if that would be helpful.

Best regards,  
Lindsay
